MBF 3C Culminating Project Evaluation:	Date	_
Name of Presenter	Overall Rating	

Delivery, Organization, Solution Structure & Conceptual Understanding						
Criteria	Rating					
	1	2	3	4		
A-Speaking voice is clear, relaxed						
and audible						
B-Uses visuals effectively						
C-Visuals are easily understood						
D-Responds well to questions						
about the problem						
(e.g., identifying important parts to						
problems)						
E-Solutions are complete						
F-Solutions effectively blend both						
mathematical narrative forms						
G-Solutions written with correct use						
of mathematical						
notation and conventions						
H-Demonstrates a thorough						
understanding of the						
problems/solution						
(understands how important parts						
of solutions work together)						
I-Logical presentation of ideas						
J-Addresses the required number						
of expectations						
K-Demonstrates a good balance of						
background knowledge vs.						
application						
L-Some form of conclusion/closure						
is provided (i.e., might						
also include asking teacher if they						
have questions)
